NEW TILL SYSTEM

to be introduced in January called BPOS. It is long overdue! BPOS is designed to deliver greater insight and control, and will make the running of the business easier.

The Club will be closed for 1-day on Mon Jan 11th, and we hope our members will understand.

The members jackpot will take place on Tuesday, Jan 12th.

CARD SCAN - BAR CODE

From Tues 12th January members will be asked to please scan in at reception on your way into the Club, whether you are going to the Sports Bar, Lounge, gym, fit club or any other purpose – we hope no one will be offended.

We are letting you know now in plenty of time, that members will need to have your card with you. The reasons for this are 1) Covid tracer accuracy

2) to comply with the Sale and Supply of Liquor, and

3) to help us understand the demographics of regular users (offering special promotions, birthday rewards etc). Nothing will change for guests or affiliated wishing to come in.

CHECK OUT THE WINES - NEW SELECTION COMING

We are seeking someone to take over the maintenance of our 8-ball and snooker tables. Full training will be given. If we don't get anyone we might have to look at shutting the tables until they can be serviced to the high standard required. Money for lights contributes to the upkeep and recovering of the tables.

Section AGMs: Section AGM's take place around this time. Please let the President know so a Committee Member can attend.

The Club is collecting non-perishable goods for donation to The Salvation Army. We will be collecting your donations at reception, and showing goodwill to those who truly need the cheer.
